Production URL : <https://yantraindia.co.in/>
Scope of Audit : Web Application Vulnerability Assessment and Penetration Testing
Auditor Name : Levithan Technologies Pvt. Ltd
Hash SHA256 : f5ec214658a8eac52be91eddcf31da393bc0a4a5f5c81dcf4c414ac28d938291

Conclusion

Auditing for **Official Website for Yantra India Limited** Web application of **Yantra India Limited** was done from 30/12/2025 to 12/01/2026 as per Cert-In, OWASP and SANS25 Web Application Audit guidelines by **Levithan Technologies Private Limited** as per scope. As on 12/01/2026 there are no pending non conformity w.r.t Web Application Audit.

The site is free from OWASP (and any other known) vulnerabilities except for the vulnerability covered under an approved organizational exception and is considered safe for hosting. Regardless of the frequency of Security Audits, no application can be considered 100% secure, as new exploits and attack techniques are discovered continuously.

The clearance for the above application is given taking into consideration that the OWASP (and any other known) vulnerabilities do not exist in the application. Any on approve changes to the web application will void the certificate.

Hosting Permission

Site may be considered safe for hosting with read and script execute permission only.

Note: One vulnerability is identified during the assessment remain open under an approved organizational exception. Details of the exception point is provided in the annexure.
